Follow K'taka model in corona fight, States told

ARCHANA JYOTI ■ NEW DELHI

At a time when a majority of the bigger States is grappling with increasing Covid-19 cases, Karnataka, with a population of 6.5 crore, has managed to contain the virus spread and keep the numbers down through comprehensive contact tracing of positive cases and physical/phobe-based house-to-house survey covering over 1.5 crore households.

Against this backdrop, the Centre has now asked other States to adopt the best practice from the BS bedprurappa led-Karnataka model for Covid-19 management which includes involvement of multi-sectoral agencies supported by technology-based solutions and interventions. The State has reported over 8,000 positive cases, with around 5,000 have been recovered.

"Karnataka has widened the definition of 'contact' to include both the high risk as well as low risk contacts as defined by the Centre. The primary and secondary contacts in Karnataka were meticulously traced and put under strict quarantine," said a senior official from the Union Health Ministry.

Centre to act tough against mobile tower mafia

PNS ■ NEW DELHI

With reports about some companies, agencies and individuals fraudulently asking people to deposit money in their account as tax under the Telecom Act for leasing their premises for installation of mobile towers, the Centre has decided to act tough against the mobile tower mafia.

The State has also formed mobile squads for enforcement of the home quarantine through community participation. In case a person is found violating home quarantine, he/she is moved to institutional quarantine.

With a view to identify, protect and treat high risk persons with co-morbidities, pregnant women and those with influenza like illness / Severe Acute Respiratory Illness (SARI) on priority, the States government has already conducted a physical/phobe based survey of 153 lakh households.

Mobile tower structure.

The action also comes with reports suggesting that the lure of extra money as rent from installation of telecommunication towers among promoters during the challenging COVID-19 period has gone up massively. A report in cases has been reported in states like Uttar Pradesh, West Bengal, Tamil Nadu and Maharashtra.

Mobile tower structure.

TRAI has advised victims to take up the matter with the law enforcing agencies. "It is time to reach out to the people using mobile phone messages and social media with a powerful alert message against the tower fraud at least once a week. All stakeholders need to go on a mission mode, to educate consumers," said Prof NK Goyal, Adviser, Gujarat Technological University, Gwal.

sector regulator in this regard. In our effort to provide better quality of services to our customers and maintain the reliability of our networks at 99.99% of the time, installation of new towers is a critical ingredient. Tower frauds hamper these efforts and ultimately hurt both customers and Operators. We must all work together to ensure this malice is eradicated," said Rajan S Mathews, Director General COAI (Cellular Operators Association of India).

There are around 5,90,000 tower which provides seamless connectivity to 1,200 million subscribers. "The Infrastructure providers will continue its fight against the tower mafia. A concerted effort has been taken to caution the general public. We will take more specific initiatives in consultation with our members," said TR DUA, Director General TAIPIA (Tower and Infrastructure Providers Association).

ALL-OUT WAR AGAINST CORONA

MMR may dampen virus-linked septic inflammation

PNS ■ NEW DELHI

The MMR (measles, mumps, rubella) vaccine could serve as a preventive measure to dampen septic inflammation associated with Covid-19 infection, according to a study, published in the journal mSystems.

The researchers, including those from the University in the US, said live attenuated vaccines, which are made using weakened strains of a disease causing pathogen, provide non-specific protection against lethal infections.

The researchers speculated that adults who had received the MMR vaccine in childhood likely still possess antibodies against the targeted viruses which at the very least would provide added protection against MMR for older adults.

Covid-19 patients, who received transfusions of blood plasma from recovered persons, show no side-effects

PNS ■ NEW DELHI

Covid-19 patients, who received transfusions of blood plasma from recovered persons, have shown no side-effects, thus indicating its safety, according to a study of 20,000 hospitalised patients from diverse groups with Covid-19.

The safety report assessed the seven days following transfusion for hospitalised patients between April 3 and June 11 who were deemed at risk of progressing to a severe or life-threatening condition. Nearly 40 per cent of the patients were women; 20 per cent African Americans; 35 per cent Hispanic; and 5 per cent Asian.

SiDBI to implement PM street vendors' AatmaNirbhar Midhi

PNS ■ NEW DELHI

The Ministry of Housing and Urban Affairs (MoHUA) and Small Industries Development Bank of India (SIDBI), on Friday, signed an MoU to engage SiDBI as the implementation agency for the PM Street Vendors AatmaNirbhar Midhi (PM SVANidhi), a special micro-credit facility for street vendors.

As per the MoU terms, SiDBI will implement the PM SVANidhi Scheme under the guidance of the MoHUA. It will ensure the credit guarantee to the lending institutions through Credit Guarantee Fund Trust for Micro and Small Enterprises (CGTMSE), said an official release. The MoU was signed by Sanjay Kumar, Joint Secretary on behalf of Ministry of Housing and Urban Affairs (MoHUA) and V Satya Venkata Rao, Deputy Managing Director, SiDBI.

Now, healthcare workers exposed to high-risk zones to undergo one-week quarantine

PNS ■ NEW DELHI

Healthcare workers (HCWs) exposed to high-risk zones or confirmed Covid-19 cases have to undergo a one-week quarantine period instead of the earlier recommended 14 days, as per the latest advisory by the Union Health Ministry.

The advisory pertains to the management of healthcare workers working in Covid-19 and non-Covid-19 areas of the hospitals. The advisory aims to provide the medical professionals on preventive measures, isolation and quarantine of

SC takes note of different Covid-19 testing charge, asks Centre to decide

PNS ■ NEW DELHI

The Supreme Court Friday took note of the different charges for Covid-19 testing across various States and asked the Centre to decide on the issue, and said all states should set up panel of experts to inspect hospitals to ensure proper care of the patients.

The plea, filed through advocate Ashwini Kumar Upadhyay, said the Centre and States have not taken appropriate steps to introduce uniform education system having common syllabus and common curriculum in spirit of Article 21A (free and compulsory education).

PIL in SC seeks uniform education system with common syllabus

PNS ■ NEW DELHI

A PIL has been filed in the Supreme Court seeking uniform education, having common syllabus and common curriculum in spirit of Article 21A (free and compulsory education).

The plea, filed through advocate Ashwini Kumar Upadhyay, said the Centre and States have not taken appropriate steps to introduce uniform education system having common syllabus and common curriculum in spirit of Article 21A (free and compulsory education).
