## FROM THE WORLD

### PAKISTAN

#### 26 terrorists arrested

At least 26 terrorists, including from the banned TIP and Al-Qaeda, who had planned to target important buildings in different cities were arrested from across the Punjab province of Pakistan, law enforcement claimed on Saturday.

Weapons, explosives and other prohibited materials were also recovered from the possession of the 26, including five "dangerous terrorists of Al-Qaeda and TIP" from different parts of the province during the last one month, Punjab police said.

The CTD of Punjab police conducted 286 intelligence-based operations in different districts of the province, questioned 286 suspects and arrested 26 terrorists along with weapons, explosives.

### US

#### Indian student goes missing

A 22-year-old Indian postgraduate student has gone missing in the US state of California, prompting efforts by authorities to locate him.

Saketh Sreenivasaiah, a UC Berkeley student, hailing from Karnataka, disappeared on Tuesday, local media reported, quoting the police.

His backpack, with his passport and laptop, was found on a doorstep in the Park Hills neighbourhood, The Berkeley Scanner news portal reported.

The Indian consulate in San Francisco expressed deep concern about his disappearance.

"Deeply concerned about the disappearance of Saketh Sreenivasaiah, an Indian postgraduate student of UC Berkeley, hailing from the State of Karnataka," it said in an X post.

"The Consulate is in touch with the family and also is in contact with the concerned local authorities to locate the student," it added.

Sreenivasaiah was last seen in the 1700 block of Dwight Way, the report quoted police as saying.

He is described as approximately 6 feet 1 inch tall, weighing around 73 kilograms, with short black hair and brown eyes.

Police urged anyone with information about Sreenivasaiah to notify local law enforcement.

## Rubio offers reassuring message to US allies

MATTHEW LEE/EMMA BURROWS/GEIR MOULSON  
Munich

US Secretary of State Marco Rubio offered a reassuring message to America's allies on Saturday, striking a less aggressive but still firm tone about the administration's intent to reshape the trans-Atlantic alliance and push its priorities after more than a year of President Donald Trump's often-hostile rhetoric toward traditional allies.

Reminding his audience at the annual Munich Security Conference about America's centuries-long roots in Europe, Rubio said the United States would remain forever tied to the continent even as it pushes for changes in the relationship and the international institutions that have been the bulwark of the post-World War II world order.

Rubio addressed the conference a year after Vice President JD Vance stunned the same audience with a harsh critique of European values. A series of statements

and moves from the Trump administration targeting allies followed, including Trump's short-lived threat last month to impose new tariffs on several European countries in a bid to secure US control of Greenland, a semi-autonomous territory of NATO ally Denmark.

On Friday, German Chancellor Friedrich Merz had opened this year's gathering by calling for the US and Europe to "repair and revive trans-Atlantic trust together," saying that even the US isn't powerful enough to go it alone in a world whose old order no

longer exists. But he and other European officials made clear that they will stand by their values, including their approach to free speech, climate change and free trade.

#### A child of Europe

While offering a calmer and more reassuring tone than the one often heard over the past year, Rubio made clear that the Trump administration is sticking to its guns on policy. He denounced "a climate cult" and "an unprecedented wave of mass migration that threatens the cohesion of our societies." (AP)

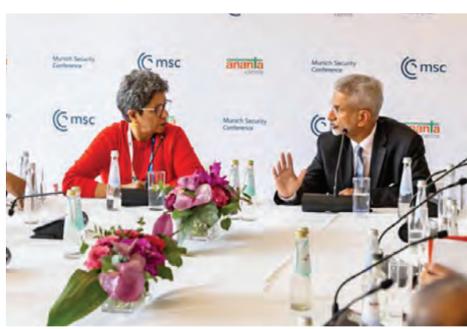

## Jaishankar reiterates India's support for UNSC reform during meeting with G7 counterparts

PRESS TRUST OF INDIA  
Munich

External Affairs Minister S Jaishankar on Saturday met his counterparts from the G7 countries as he reiterated India's support for reform of the UN Security Council (UNSC) at the Munich Security Conference. The meeting comes after India concluded a free trade agreement (FTA) with the 27-nation European Union in January.

Jaishankar in a social media post said he was pleased to engage with G7 Foreign Ministers and reiterated India's support of the UN@80 agenda, particularly meaningful reform of the UN Security Council.

The external affairs minister said he emphasised India's role in "safeguarding sea lines of communication, serving as a first responder, strengthening port security, and contributing to resilient submarine cable infrastructure". "Our conversation brought out the many convergences and shared inter-

External Affairs Minister S Jaishankar participating in Ananta Aspen Centre's Roundtable 'Delhi Decides: Mapping India's Policy Calculus' during the 62nd Munich Security Conference in Munich, Germany

ests between India and the G7," the minister added.

Jaishankar started his Munich Security Conference with a roundtable 'Delhi Decides: Mapping India's Policy Calculus', organised by the Ananta Aspen Centre, a non-partisan organisation.

The external affairs minister said he highlighted the "importance of a nimble and dynamic foreign policy to meet the demands of multipolarity".

In a discussion with Indrani Bagchi, CEO Ananta Centre, Jaishankar said he also noted the significance of the India-EU FTA and the India-US trade deal in that regard.

"The discussion looked at India's growth strategy, the choices before key partners, and why strategic autonomy remains a steady anchor as global dynamics evolve," the Ananta Centre said. India and the 27-nation

bloc on January 27 announced the conclusion of negotiations for the free trade agreement. The free trade agreement that will account for almost a quarter of the global GDP will reduce tariffs on 99 per cent of Indian exports to the EU and cut duties on over 97 per cent of the EU's exports to India, according to officials.

The UN@80 initiative was launched by UN Secretary-General Antonio Guterres in March 2025. This initiative focuses on improving organisational efficiency reviewing mandate implementation, and aligning programmes to be more integrated and responsive.

The 62nd Munich Security Conference is taking place from February 13 to 15. Nearly 50 heads of state and government would be in attendance. This includes leaders from most European countries, alongside a large delegation from the German government, led by Chancellor Friedrich Merz.

## Inaction against Tehran encourages bullies: Iran's crown prince

ASSOCIATED PRESS  
Munich

Supporters of Iran's exiled Crown Prince Reza Pahlavi were looking on Saturday to world leaders gathered in Munich, Germany, to ratchet up pressure for change on the Iranian Government.

Pahlavi called for demonstrations in Munich, Los Angeles and Toronto on what he described as a "global day of action," urging supporters to take to the streets to push

for "urgent, practical steps in support of the Iranian people." Iranian leaders are already under intense scrutiny, facing renewed threats of US military action from Donald Trump. He wants Iran to further scale back its nuclear program. He suggested Friday that regime change in Iran "would be the best thing that could happen."

Iran was also the focus of protests in Munich on Friday, the opening day of an annual security conference in the city gathering European leaders

and global security figures. Supporters of the Iranian opposition group People's Mujahedin Organisation of Iran, also known as the Mujahedin-e-Khalq, demonstrated against Iran's deadly crackdown on nationwide protests last month.

Pahlavi, the son of Iran's deposed shah who abandoned his throne and fled the country in 1979, has been in exile for nearly 50 years but is trying to position himself as a player in Iran's future.

## IMF chief to visit Sri Lanka amid cyclone recovery efforts

PRESS TRUST OF INDIA  
Colombo

International Monetary Fund (IMF) Managing Director Kristalina Georgieva will visit Sri Lanka for two days from February 16, the global lender announced. This will be her first visit to the island nation since Sri Lanka entered an IMF bailout in March 2023.

"During her visit, the Managing Director will engage with authorities and stakeholders, witness firsthand the impact of Cyclone Ditwah and discuss how the IMF can support recovery and help build a stronger future for all Sri Lankans," a statement said. The nearly ₹3 million IMF bailout supported Sri Lanka's economic recovery after the country declared its first-ever sovereign default in April 2022.

The crisis triggered an unprecedented public uprising that led to the toppling of the then-Government.

## PUBLIC NOTICE

3K NANO, incubated at Atal Incubation Centre-Jawaharlal Nehru University Foundation for innovations (AIC-JNUFI), Jawaharlal Nehru University, New Delhi, showcases Nanotechnology at CES 2026 with Support from Dassault Systemes' 3DEXPERIENCE Lab Las Vegas / India. 3K Nano, an Indian deep-tech startup pioneering next-generation nanomaterial-based biosensors, is showcasing its innovations at CES 2026 in Las Vegas.

The 3DEXPERIENCE Lab provides startups access to cutting-edge digital design, simulation, and virtual twin capabilities to accelerate development and scale impact. Through this program, 3K NANO has rapidly progressed from academic research to globally relevant healthcare solutions.

At CES 2026, 3K NANO is demonstrating compact, point-of-care diagnostic sensors that deliver hospital-grade accuracy within seconds. Central to the showcase is its Vitamin D3 sensor, which can reduce testing costs by up to 90%, enabling affordable and frequent health monitoring. Built using advanced nanostructured materials and screen-printed carbon electrodes, the sensors offer high sensitivity, rapid response, and ease of use, outperforming conventional diagnostic systems.

"We turn breakthrough nanoscience into scalable technologies with real-world impact," said Viven Solanki, Director, 3K NANO. "Our presence at CES marks a key milestone in our journey to make healthcare diagnostics faster, more accessible, and affordable at scale."

By leveraging Dassault Systemes' 3DEXPERIENCE platform, 3K NANO uses virtual twin technology to digitally design, simulate, and validate its sensors-reducing development cycles, minimizing physical prototyping, and accelerating commercialization.

Dr. Suhaspripta Gongate, head of the 3DEXPERIENCE Lab in India, emphasized "Innovation thrives when ideas can be explored without limitations. The 3DEXPERIENCE Lab provides a collaborative digital ecosystem where innovators can experiment, simulate, and refine breakthrough concepts. By uniting virtual twin technology with advanced simulation, we help startups transform bold ideas into viable, industry-changing solutions faster and more sustainably."
